**RE: DOCKET NO. FAA-2001-10047; 14 CFR PARTS 13, 61, 91, ET AL.  
REGULATION OF FRACTIONAL AIRCRAFT PROGRAMS AND ON-DEMAND  
OPERATIONS; PROPOSED RULE**

The National Air Transportation Association (NATA) represents the interests of aviation service businesses nationwide, including companies providing fractional ownership program management under Part 91 and on-demand air charter services under Part 135.

As a member of the Fractional Ownership Aviation Rulemaking Committee, NATA was an active participant in the development of the regulatory proposal submitted to the FAA that provided the foundation for the current Notice of Proposed Rulemaking (NPRM).

Since the tragic events of September 11, 2001, the full resources of the aviation community have been focused on working to help our industry to recover from these attacks, comply with flight restrictions and address security concerns.

Therefore, in order to provide NATA and other interested parties the ability to submit comprehensive comments on the fractional ownership NPRM, NATA requests a 30-day extension of this comment period.

Sincerely,

Jacqueline E. Rosser  
Manager, Flight Operations
